Positive Results/Issues/Comments/Suggestions:

It was wonderful to see the turn out for the Christmas Deliveries. This is a special project that takes the Kinettes right out into the community to serve people who need the assistance around Christmas.

The breakfast has been a tradition for the Kinettes before they set out into the community. It was great to see spouses and children of the Kinettes—we create a bigger bond with each other when families are involved. It shows our families how, we, Kinettes, are committed to service.

The budget for the event was \$225.00 to purchase food for the breakfast. I would like to suggest that the budget be \$250.00 for next year, as the price of food will increase by then.

Suggestions:

1. Make sure that there is a map and directions for the drivers to get to the delivery Station.
2. An outline of how the Christmas Bureau Deliveries run (registration station, pick up boxes, what the delivery entails, etc.)

Thank you for this opportunity to help out and carry on with the tradition of the Christmas Hamper Delivery Event.
